Life Insurance Companies Ruled Under Congress Control by Court

Precedent of the past 75 years went by the boards yesterday when the United States Supreme Court boldly scrapped previous decisions and held that life insurance companies may properly be controlled by Congress.

He cited the Foreman's Assn. of America strike, in which 65,000 workers in the region were made as "dramatic evidence" of this bad attitude of mind."

The war production chief suggested, as a remedy, that "industrial statesmanship" be applied. "Industrial statesmanship must bridge the gap between labor and management. When you start to build a bridge, you make best progress if you begin, at the same time on both sides and meet in

JOIN GULF'S "Anti-Breakdown" CLUB TODAY!

BEFORE THIS WAR IS OVER, there may be only two kinds of people in America . . .

1. those who can still get to work in automobiles, 2. those who are forced to walk.

If you would like to keep yourself in the fortunate group who will still be riding to work in automobiles, join Gulf's "Anti-Breakdown" Club today. How do you do it? Just come in for Gulf's Protective Maintenance Plan!

This plan was conceived by experts in car care. Gulf developed it because car maintenance is a most important civilian job these days. (The Government says civilian car maintenance is one of the services essential to winning the war, because 8 out of 10 war workers need their cars to get to work.)

Here's Gulf's Protective Maintenance Plan..

It helps stretch your gas coupons!

ASK YOUR GULF DEALER to clean your spark plugs, clean your air filter, and flush out your radiator, three things that help give you more mileage per gallon of gas . . . sometimes as much as 10% more mileage!

It protects your car at 39 danger points!

GULF'S Protective Maintenance Plan includes Gulflex Registered Lubrication which reaches up to 39 vital engine, body, and chassis points with aix different Gulfler Lubricants that reduce wear, and add miles to your car's life.

It makes your tires last longer! ASK YOUR GULF DEALER to have your tires

recapped, adding greatly to their length of service. Ask him to inspect for cuts and bruises, and make needed repairs . . . to check air pressures, and inflate tires properly.

It helps keep your motor in "A-1" shape!

IT'S IMPORTANT to change your oil regularly . . . and to give your car a really good motor oil. Gulf offers two outstanding oils . . . Gulfpride, "The World's Finest Motor Oil," and Gulflube, an extra-quality oil that costs a few cents less.

TRANSMISSION and differential gears must not be neglected! Let your Gulf Dealer change gear lubricants regularly . . . and have him check now to make sure your gears

Get an appointment at your Gulf station ...

TO HELP YOUR Gulf Dealer do a thorough job on your car-and save your own time-make an appointment in advance. Phone or speak to him at the station - arrange a convenient-time. Then you should encounter no delay when you get Gulf's Protective Maintenance Plan . . . 15 services in all
